Preface

Dear participants of the 10th World Masters Individual Championships 2010 !

It is with great pleasure that the Organising Committee of the 10th World Masters Championships 2010 in Cologne and Sankt Augustin releases the information booklet on Packages booking, Hotel and Transport for this prestigious event.

This booklet covers some of the most important items for each athlete participating in the World Championships:

- Hotel booking and accommodation opportunities,
- Distances between the hotels and other important locations,
- Transport information from arrival in Cologne until departure and
- Package offers including both, accommodation and transportation during the event.

Please be informed that this information only covers official accommodation and transportation systems being offered by the Organising Committee. Of course the Organising Committee also will try to help with special accommodation opportunities upon request like camping, homer camping or accommodation possibilities on a very cheap basis on a bed within the venue area. Please note that these possibilities are very limited and are for special cases only. The OC does not have the possibility to sustain private accommodation or transportation plans nor do we offer private booking.

Please do not hesitate to contact us for any question you might have under:

Room allocation policy:

In principle rooms will be allocated on first come first serve basis.

The Organising Committee will do every effort to satisfy the wishes of players booking rooms within their category. The OC however does not guarantee that the category chosen is available.

You may declare that you will accept other categories should the category chosen be no more available.

The Organising Committee will confirm the category booked if the category is available and inform you about the price of your package.

The booking must be paid within five days of the confirmation. If the booking is not paid after that deadline the booking automatically will be cancelled without further notice.

Players will need to enter their Player I.D. when booking rooms. Please be sure that you use your I.D. when booking rooms.

The OC wishes to underline that in principle the player will have to share a room with another player. We will do our utmost to follow the wishes of the participants. There might be the case when players need to share rooms not known to each other.

In such cases rooms will be allocated according to gender, nationality and age.

Booking for accompanying guests:

Guests must be registered in the system before booking. They will be entered in the system and will receive a guest I.D.

Afterwards players may exclusively book places in rooms for these accompanying guests.

Bookings for guests not playing in the tournament will be possible via the online booking and registration system. Guests will be registered as such and allocated to the rooms of the respective players if possible.

Further information will be included to the official website together with the online booking tool from 15 January 2010.
